SWIM TEST

In order to keep all of our patrons safe, any child, 12 or younger, must take the swim test in order to enter the facility without a responsible person in the water with them. We offer two different test:

To use the entire facility a child must swim one and a half lengths of the pool and tread water for two minutes *

To pass the diving board test the child must swim one length of the pool and tread water OR float for one minute *

For the swimming portion, front crawl, back crawl, elementary backstroke, or breast stroke must be used – a doggy paddle will not be an accepted stroke

*the child can take a short break between skills, but the skills must be performed without stopping/grabbing the wall during the test
