**5. Civility Reminder.** Duggan noted the City's commitment to conducting meetings with cordiality.

**6. Citizen appearances other than agenda items listed.**

- A.** Dave Olsen and Alvin Francis from the Town of Union spoke to Plan Commission about a renewed interest in discussing a potential agreement between the Town and City, with a particular focus of opening up lands for residential development near and around Territorial Road, northeast of the City. Spranger added that Plan Commission had briefly discussed the issue in Spring 2022 as it updated its comprehensive plan. The City would likely need to convene a committee of the whole in order for full discussion of what would be at stake in the process. Spranger suggested that the process would benefit from having a knowledgeable third party act as mediator for this process, providing a neutral voice to aid the two communities in drafting such an agreement. A public hearing would be held as well. Neeley asked if the two communities would split costs for a mediator. Spranger replied that there would likely be an agreement drawn up to address costs. Francis ended the discussion by commenting on the reason the Town is now interested in pursuing an agreement. In the past twenty years, taxation has

*These minutes are not official until approved by the City of Evansville Plan Commission.*

changed such that some development has to happen in order for the Town to maintain its finances.

## **7. Action Items**

### **A. Review and Action on Land Division Application 2022-0115 for a final CSM on parcel 6-27-485 located at 346/352 Lincoln Street.**

#### **B.**

#### **1. Review Staff Report and Applicant Comments.**

Spranger reported that this was a final application for a preliminary CSM that the commission reviewed back in June. Minor edits were suggested by staff and the application is here tonight to receive its final approval from Plan Commission. The lot meets the dimensional requirements for the R-1 zoning district.

#### **2. Plan Commissioner Questions and Comments**

None.

#### **3. Motion with Conditions**

**Motion for Common Council to approve a certified survey map creating 3 residential lots from tax parcels 6-27-485 and 6-27-484, finding that the application is in the public interest and meets the objectives contained within Sections 110-230 and 110-102(g) of city ordinances, with two conditions:**

- 1. The final CSM is recorded with Rock County Register of Deeds.**
- 2. City Engineer approves utility connections and site grading.**

*Motion by Neeley, by Becker. Approved unanimously*

### **C. Public Hearing and Review of Conditional Use Permit Application 2022-0275 for Indoor Commercial Entertainment use on parcel 6-27-624.1 located at 137 E. Main Street.**

#### **1. Review Staff Report and Applicant Comments.**

The Applicant, Tommy Hanna, was present. Spranger has worked with him over the past month about what was necessary for him to open a café, serving sandwiches and ice cream in addition to coffee. A conditional use permit is needed for any indoor commercial entertainment use. The building is close to the regulated floodplain and part of the deck is in the floodplain, but Mr. Hanna does not anticipate making any changes that would necessitate a floodplain application. Spranger discussed the use of the deck for patrons. She believed it served the same purpose as a sidewalk café, as defined in the zoning code. In discussion with City Administrator Jason Sergeant, the point was made that sidewalk cafes are by definition in the right-of-way on the sidewalk. She is of the opinion, though, that there is no issue for patrons to use the deck to enjoy their purchases. The applicant will not be required to obtain an additional CUP for outdoor food and beverage service for the deck. If, however, the serving area is expanded to any of the yard areas, then the applicant would have to return for that additional CUP. Hanna introduced himself to the Commission, noting that he has been in the restaurant business for nearly 20 years.

#### **2. Public Hearing**

Public hearing opened at 6:20p.m. No public comments. Public hearing closed at 6:21 p.m.

*These minutes are not official until approved by the City of Evansville Plan Commission.*

### 3. Plan Commissioner Questions and Comments

Becker asked if the upstairs apartment was being used as an Airbnb. Hanna replied that it was listed but is currently being used as a short-term rental.

### 4. Motion with Conditions

**Motion to approve a Conditional Use Permit for indoor commercial entertainment (café) per section 130-408 on parcel 6-27-624.1, located at 137 E. Main Street, finding that the benefits of the use outweigh any potential adverse impacts, and that the proposed use is consistent with the required standards and criteria for issuance of a CUP set forth in Section 130-104(3)(a) through (e) of the Zoning Ordinance, subject to the following conditions:**

1. **The business operator, now and in the future, shall comply with all provisions in the City's Zoning Code, as may be amended, related to indoor commercial entertainment uses (Section 130-408).**
2. **The parking requirements for this use in this location shall be waived.**
3. **Hours of operation shall be no earlier than 6am and no later than 11pm.**
4. **The business operator shall obtain and maintain all City, state, and county permits and licenses as may be required.**
5. **Any substantial changes to the business model, such as significant differences in hours of operation or type of business, shall require a review of the existing conditional use permit and the issuance of a new conditional use permit.**
6. **A sign application and Certificate of Appropriateness approval, issued by the Historic Preservation Commission, is required for any planned signage related to the business.**
7. **Outdoor commercial food and beverage service is not approved as part of this permit. A separate conditional use permit application and review is required.**
8. **Use cannot create a public nuisance as defined by local and state law.**
9. **The Conditional Use Permit is recorded with the Rock County Register of Deeds.**

*Motion by Becker, seconded by Neeley. Approved unanimously*

## D. Review and Discussion of Land Division Application 2022-0276 on parcel 6-16-245, located at 7101 N Tolles Road in the Town of Porter.

### 1. Review Staff Memo

Spranger noted that this application provides a quick background on the issues raised by the Town of Union earlier in the meeting. The City defines four ways in which a landowner can divide land for residential use in the extraterritorial jurisdiction. One is that there must be at least 35 undeveloped acres remaining on the parent parcel following the land division and that the dwelling unit must already exist – new parcels with no development cannot be made in the ETJ for the intention of building a new home. Spranger stated that this CSM application met the City's requirements for a land division in the its extraterritorial jurisdiction.

### 2. Applicant Comments

None.

*These minutes are not official until approved by the City of Evansville Plan Commission.*

**3. Plan Commissioner Questions and Comments**

**4. Motion with Conditions**

**Motion to recommend Common Council approve the creation of a 3.15 acre (2.9 acres excluding right-of-way) residential lot from parcel 6-16-245, a 78.07 lot zoned A-1 Exclusive Agriculture, located at 7101 North Tolles Road, Town of Porter, finding that the application is in the public interest and meets the objectives contained within Sections 110-230 and 110-102(g) of city ordinances, with the condition the final CSM is recorded with Rock County Register of Deeds, and that the application fulfills any other obligations set forth by the Town of Porter and Rock County.**

*Motion by Becker, seconded by Neeley. Approved unanimously*

**E. Review and Discussion of Land Division Application 2022-0275 on parcel 6-20-130, located at 9202 N Evansville Brooklyn Road in the Town of Union.**

**1. Review Staff Memo**

Spranger summarized the report, stating that the application was extremely similar to the one that came before it.

**2. Applicant Comments**

Applicant not in attendance.

**3. Plan Commissioner Questions and Comments**

None.

**4. Motion with Conditions**

**Motion to recommend Common Council approve the creation of a 3.0 residential lot from parcel 6-20-130, a 112 acre lot zoned A-1 Exclusive Agriculture, located at 9202 N. Evansville-Brooklyn Road, Town of Union, finding that the application is in the public interest and meets the objectives contained within Sections 110-230 and 110-102(g) of city ordinances, with the condition the final CSM is recorded with Rock County Register of Deeds, and that the application fulfills any other obligations set forth by the Town of Union and Rock County.**

*Motion by Neeley, seconded by Klar. Approved unanimously*

**F. Public Hearing and Review of Zoning Map Amendment Application 2022-0274 to rezone Lot 170 Westfield Meadows First Addition on parcel 6-27-559.5170.**

**1. Review Staff Report and Applicant Comments**

Spranger summarized the report. Applicant Sue White of Sienna Crest Assisted Living was present. The rezone is to enable an eventual assisted living/memory care facility. The first phases of building would be 20 assisted living rooms then 20 memory care beds, with the potential for senior apartments down the road. The rezone for Lot 170 is intended only for the memory care and assisted living developments. The site is currently B-1. The B-3 zoning district contains design standards for institutional residential uses like the one proposed.

*These minutes are not official until approved by the City of Evansville Plan Commission.*

Neeley asked what sort of strain would such a facility would have on emergency services, which currently operate at capacity. White replied that a similar development in Oregon generates 5 or so emergency calls per year. Their goal is to not use the emergency services unless absolutely necessary.

**2. Public Hearing**

Public hearing opened at 6:38p.m. Kristi Jensen is a nearby resident (South 7<sup>th</sup> Street) and is curious what the height of an eventual facility would be. White replied that the building will be fronting Porter Road and the goal is to make the building look like a big, one-story house. Limiting the facility to 20 beds keeps the building from looking too institutional. Jensen has heard multiple ideas for the lot behind her property, so was curious to hear what was eventually being developed. Another question was how close the building/facility would be to the walking path. Spranger said that such details weren't known at this time and would be made public when a site plan for the facility is review. Dennis Hughes, Badger Drive, was curious about the City's plan for building out Porter Road. Spranger replied that the improvements were negotiated through a developer's agreement and would be finished prior to a facility going in. Public hearing closed at 6:44 p.m.

**3. Plan Commissioner Questions and Comments**

**4. Motion with Conditions**

**Motion to recommend to Common Council approval of Ordinance 2022-13, Rezoning Territory from General Business District (B-1) to Community Business District (B-3).**

*Motion by Neeley, seconded by Becker. Approved unanimously*

**8. Discussion Items**

**9. Community Development Report**

**10. Next Meeting Date:**

- A. January 3, 2022 at 6:00 p.m.

**11. Motion to Adjourn at 6:48p.m. by Neeley, seconded by Scarmon. Approved unanimously.**

**APPLICATION FOR ZONING MAP AMENDMENT - STAFF REPORT**

**Application:** RZ-2022 0292

*Figure 1 Approximate Location Map*

**Location:** Lot 51, Westfield Meadows City of Evansville

**Description of request:** An application to rezone to the R-2 zoning district parcel 6-27-559.5051, Lot 51 of the Westfield Meadows subdivision.

The applicant intends to divide the parcel in two for a two-family twin residence in order to sell each unit separately. That will require a land division application which will be reviewed at a later date.

**Existing Zoning:** The lot is currently zoned R-1; two-family residences are a conditional use in the R-1. In this instance, the final plat of Westfield Meadows indicated the allowed location of two-family units directly on the plat (see Figure 2). This is an unusual practice and would no longer be allowed under the current version of the City's zoning ordinance. A rezoning is required because the landowner wants to sell the units separately. Two-family twin residences are not allowed in the R-1 zoning district.

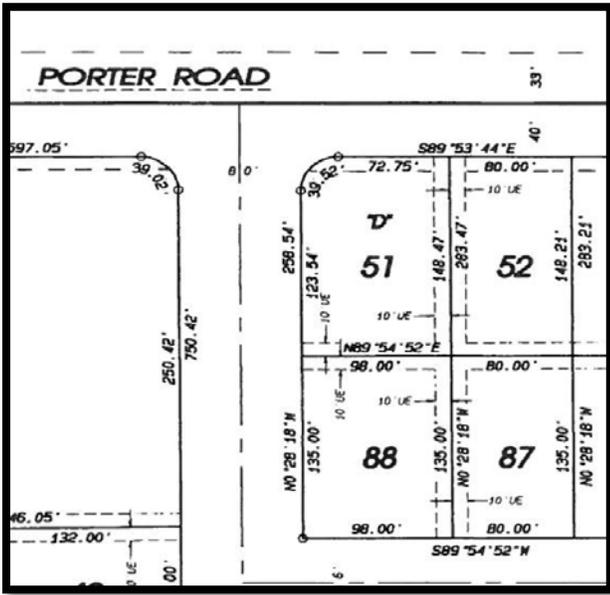

Figure 2: Final Plat of Westfield Meadows, with a "D" indicating Lot 67 could be a location for a duplex or two-family residence despite being zoned for R-1.

**Proposed Zoning:** Two-family twin residences with a zerolot line are allowed in the R-2 zoning district; therefore, the applicant is requesting that the existing parcel first be rezoned from R-1 to the R-2 zoning district. The rezoning must be approved before the lot can be separated.

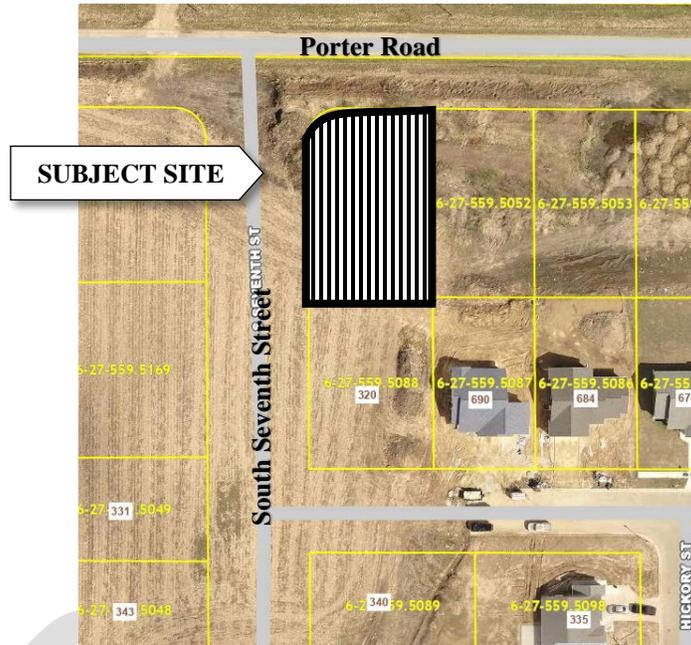

**Consistency with the City of Evansville Comprehensive Plan and Municipal Code:** The proposed land uses are thoroughly consistent with the Future Land Use Map of the Comprehensive Plan. The proposal complies with the design standards and environmental considerations as set forth in the Land Division and Zoning Ordinances.

**Plan Commission Recommended Motion:**

***Motion to recommend Common Council approve Ordinance 2023-1, Rezoning Territory to Residential District Two (R-2).***

CITY OF EVANSVILLE  
ORDINANCE # 2023-1

**An Ordinance Rezoning Territory from Residential District 1 (R-1)  
to Residential District 2 (R-2)**  
(On Parcel 6-27-559.5051)

The Common Council of the City of Evansville, Rock County, Wisconsin, do ordain as follows:

**SECTION 1. Zoning Classification.** In accordance with Section 130-171 to 130-176, Evansville Municipal Code, Section 62.23(7)(d)2 of the Wisconsin State Statutes and upon recommendation of the Plan Commission and the findings of the Common Council that such zoning district change is in the best interest of the City, and all necessary notices having been given, and the required public hearing having been held, and the Plan Commission having made its recommendation of approval in writing to the Common Council, that the zoning classification of parcels be changed **from Residential District 1 (R-1) to Residential District 2 (R-2)**. The areas to be rezoned are indicated on the map below:

**SECTION 2. Zoning Map Amendment.** The official zoning map, City of Evansville, Wisconsin, is hereby amended to show the territory described in Section 1 as to Residential District 2 (R-2).

**SECTION 3. Severability.** If any provision of this Ordinance is invalid or unconstitutional, or if the application of the Ordinance to any person or circumstances is invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the other provisions or applications of this Ordinance which can be given effect without the invalid or unconstitutional provision or application.

**SECTION 4. Effective Date.** This Ordinance shall take effect upon its passage and publication as provided by law.

Passed and adopted this \_\_3<sup>rd</sup> day of January, 2023.

**Location:** 469/471 E Main Street

**Description of request:** An application to rezone parcel 6-27-589 has been submitted for consideration by the Plan Commission.

**Existing and Proposed Zoning:** The parcel is currently zoned B-1 Local Business District. The applicant proposes B-3 Community Business District. The applicants intend to relocate their Subway restaurant to this new location. The proposed new zoning will give the applicant the ability to apply for a conditional use permit to operate an In-Vehicle Sales or Service use for their drive-up window. Drive-up services are conditional uses in the B-3 and are not allowed uses in the B-1 zoning district.

In a pre-application meeting with City staff, it was discussed that the applicant would have a difficult time meeting the required vehicle stacking length of 100

feet for a drive-through. For that reason, the applicant will also be applying for a variance to make the case for an accommodation. Conditional use applications for the restaurant and drive-up window will answer further questions regarding traffic intensity and other site-related matters. Another public hearing will be held when those applications are received.

**Consistency with the City of Evansville Comprehensive Plan and Municipal Code:** The proposed land uses are thoroughly consistent with the Future Land Use Map of the Comprehensive Plan.

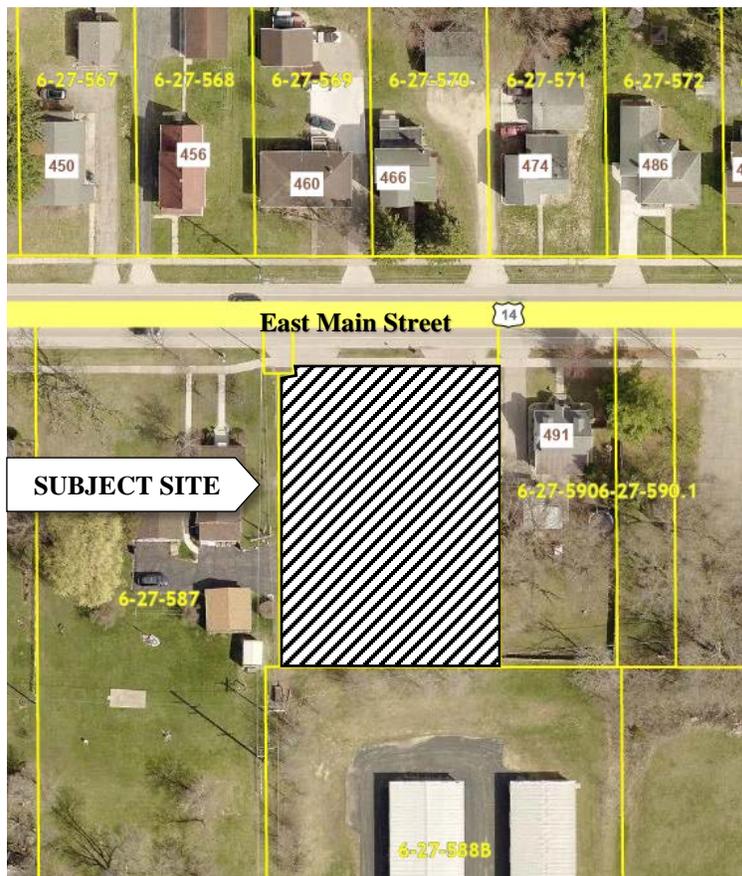

**Staff Recommended Motion:** Motion to recommend to Common Council approval of Ordinance 2023-2, Rezoning Territory from General Business District (B-1) to Community Business District (B-3).

ORDINANCE # 2023-2

**An Ordinance Rezoning Territory from Local Business District (B-1)  
to Community Business District (B-3)**  
(On Parcel 6-27-589)

The Common Council of the City of Evansville, Rock County, Wisconsin, do ordain as follows:

**SECTION 1. Zoning Classification.** In accordance with Section 130-171 to 130-176, Evansville Municipal Code, Section 62.23(7)(d)2 of the Wisconsin State Statutes and upon recommendation of the Plan Commission and the findings of the Common Council that such zoning district change is in the best interest of the City, and all necessary notices having been given, and the required public hearing having been held, and the Plan Commission having made its recommendation of approval in writing to the Common Council, that the zoning classification of parcels be changed from Local Business District (B-1) to Community Business District (B-3). The areas to be rezoned are indicated on the map below:

**SECTION 2. Zoning Map Amendment.** The official zoning map, City of Evansville, Wisconsin, is hereby amended to show the territory described in Section 1 as Central Business District Three (B-3).

**SECTION 3. Severability.** If any provision of this Ordinance is invalid or unconstitutional, or if the application of the Ordinance to any person or circumstances is invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the other provisions or applications of this Ordinance which can be given effect without the invalid or unconstitutional provision or application.

**SECTION 4. Effective Date.** This Ordinance shall take effect upon its passage and publication as provided by law.

## SITE PLAN APPLICATION – STAFF REPORT

Applicant: TDS Telecom (via Matthew Kinders)

Parcel 6-27-959.A3

December 5, 2022

Prepared by: Colette Spranger, Community Development Director  
 Prepared for: City of Evansville Plan Commission

**Location:** 715 Brown School Road

**Description of request:** The applicant is seeking approval to install a Vertiv electric box within the side yard of the Boarders Inn and Suites at 715 Brown School Road. A Vertiv box “holds both DC distribution and fiber distribution in a single enclosure.” The Vertiv box measures about 10’ tall and the structure takes up approximately 82 square feet. The entire structure sits in the middle of a utility easement that measures 900 square feet. The purpose of the installation is part of TDS Telecom’s plan to expand fiber internet service to the City of Evansville.

**Staff Analysis of Request:** Section 130-536 of the zoning code provides regulations for exterior communication devices. This site plan meets the City’s requirements for such devices, namely that it sits outside a front or street yard, that the device is at least as far away from the property line as its maximum height. In order to mitigate the visual impact of the box within a commercial area, the City is asking for minimal landscaping to screen the box at the ground level.

**Required Plan Commission findings for Conditional Use Permit request:** Section 130-104 (3) of the Municipal Code, includes criteria that should be considered in making this decision:

1. **Consistency of the use with the comprehensive plan.** The proposed use in general and in this specific location is consistent with the city’s comprehensive plan of November 2015.  
*Staff Comment: The Comprehensive plan includes a goal of providing the City with infrastructure to meet the needs of a growing population.*
2. **Consistency with the City’s zoning code, or any other plan, program, or ordinance.** The proposed use in general and in this specific location is consistent with City’s zoning code, or any other plan, program, or ordinance, whether adopted or under consideration pursuant to official notice of the city.  
*Staff comment: The proposed construction is consistent with the City’s zoning code and other plans, programs, and ordinances.*
3. **Effect on nearby property.** The use will not result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the City’s zoning code, the comprehensive plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to official notice by the city.  
*Staff Comment: No adverse effect is anticipated on nearby property. Proper landscaping should screen the cabinet from view.*

4. **Appropriateness of use.** The use maintains the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.

*Staff Comment: The proposed use is consistent with the zoning code's requirements for exterior communication devices and with existing electric system boxes on the property.*

5. **Utilities and public services.** The use will be adequately served by, and will not impose an undue burden on, any of the improvements, facilities, utilities, or services provided by the City or any other public agency serving the subject property.

*Staff Comment: the property is currently served by public utilities*

**Required Plan Commission conclusion:** Section 130-104(3)(f) of the Municipal Code requires the Plan Commission to determine whether the potential public benefits of the site plan do or do not outweigh any and all potential adverse impacts. The proposed motion below states that benefits do in fact outweigh any and all potential adverse impacts. The commission can also choose to delay final approval subject to a public hearing.

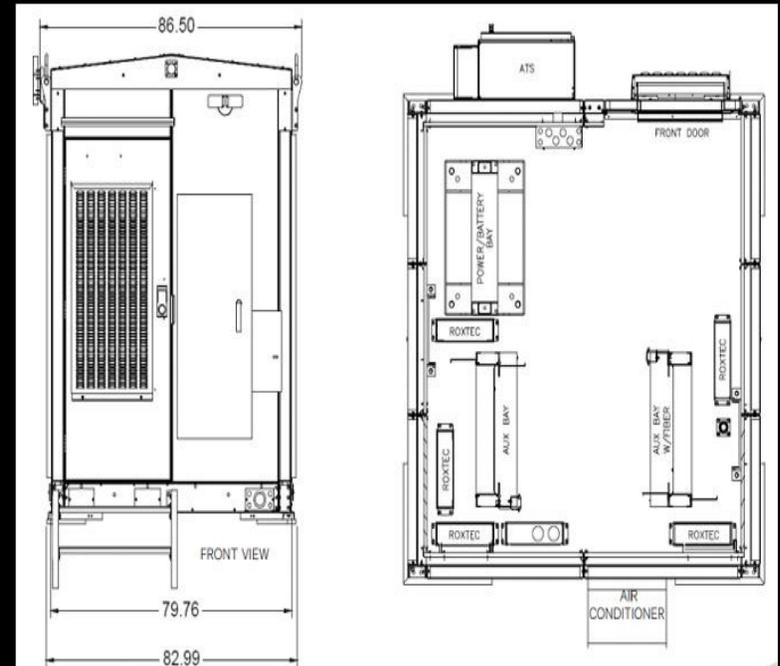

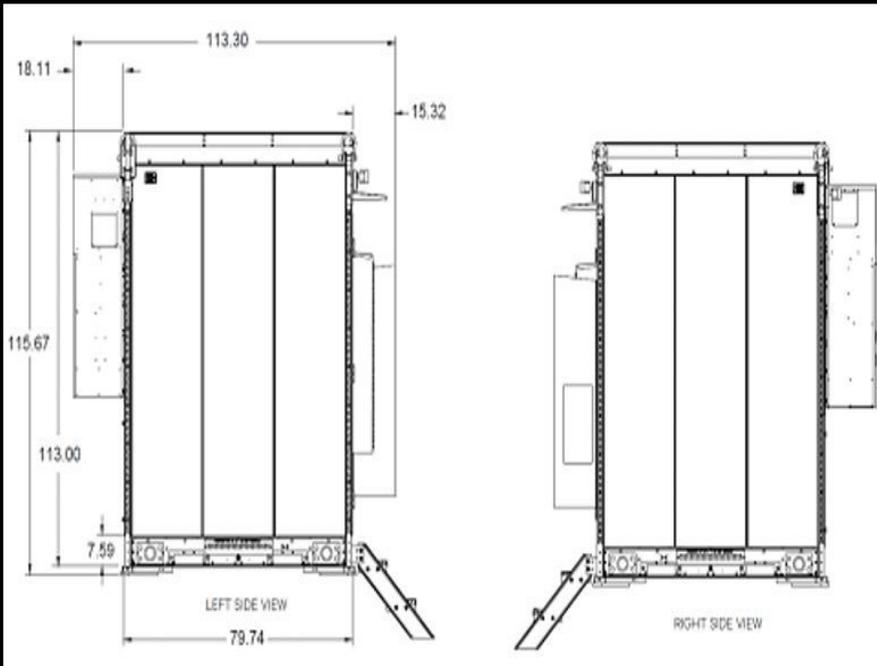

**Staff recommended motion:** *The Plan Commission approves the site for a Vertiv box as presented for 715 Brown School Road on parcel 6-27-959.A3, finding that the benefits of the use outweigh any potential adverse impacts, and that the proposed use is consistent with the required standards and criteria for issuance as set forth in Section 130-104(3)(a) through (e) of the Zoning Ordinance, subject to the following conditions: TDS Telecom to install three (3) evergreen trees on box's left, right, and rear sides within the utility easement.*

## SITE PLAN APPLICATION – STAFF REPORT

Applicant: TDS Telecom (via Matthew Kinders)

Parcel 6-27-588.2B

December 29, 2022

Prepared by: Colette Spranger, Community Development Director  
 Prepared for: City of Evansville Plan Commission

**Location:** City-Owned Yard Waste Drop Off Site

**Description of request:** The applicant is seeking approval to install a AP24 electric box at the city-owned Yard Waste site. This is a smaller electric box than the one proposed at 715 Brown School Road, measuring roughly 10 square feet in area and 5' in height. The entire structure sits in the middle of a utility easement that measures 225 square feet. The purpose of the installation is part of TDS Telecom's plan to expand fiber internet service to the City of Evansville.

**Staff Analysis of Request:** Section 130-536 of the zoning code provides regulations for exterior communication devices. This location meets those requirements.

**Required Plan Commission findings for Conditional Use Permit request:** Section 130-104 (3) of the Municipal Code, includes criteria that should be considered in making this decision:

1. **Consistency of the use with the comprehensive plan.** The proposed use in general and in this specific location is consistent with the city's comprehensive plan of November 2015.  
*Staff Comment: The Comprehensive plan includes a goal of providing the City with infrastructure to meet the needs of a growing population.*
2. **Consistency with the City's zoning code, or any other plan, program, or ordinance.** The proposed use in general and in this specific location is consistent with City's zoning code, or any other plan, program, or ordinance, whether adopted or under consideration pursuant to official notice of the city.  
*Staff comment: The location is thoroughly consistent with the City's zoning code.*
3. **Effect on nearby property.** The use will not result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the City's zoning code, the comprehensive plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to official notice by the city.  
*Staff Comment: No adverse impacts anticipated with this location.*
4. **Appropriateness of use.** The use maintains the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.  
*Staff Comment: City staff feel this is an ideal location for the AP24 box.*
5. **Utilities and public services.** The use will be adequately served by, and will not impose an undue burden on, any of the improvements, facilities, utilities, or services provided by the City or any other public agency serving the subject property.  
*Staff Comment: the property is currently served by public utilities*

**Required Plan Commission conclusion:** Section 130-104(3)(f) of the Municipal Code requires the Plan Commission to determine whether the potential public benefits of the site plan do or do not outweigh any and all potential adverse impacts. The proposed motion below states that benefits do in fact outweigh any and all potential adverse impacts. The commission can also choose to delay final approval subject to a public hearing.

**Staff recommended motion:** *The Plan Commission approves the site for a AP24 box as presented for the yard waste site on parcel 6-27-588.2B, finding that the benefits of the use outweigh any potential adverse impacts, and that the proposed use is consistent with the required standards and criteria for issuance as set forth in Section 130-104(3)(a) through (e) of the Zoning Ordinance.*
